II.—NOTICE TO MADRAS CANDIDATES.

Candidates who have applied to be examined at Madras are informed that they will have to sit for their examination at the College of Engineering, Chepauk.

No hall tickets will be issued (except in the case of Type-writing—Elementary and Intermediate grades—*vide* No. III *infra*) but a copy of the nominal list will be posted on the notice board at the entrance to the College of Engineering, on the 17th April, and candidates are expected to learn their register numbers from this list.

III.—NOTICE REGARDING THE EXAMINATION IN TYPE-WRITING.

Both at Madras and in the Mofussil

Candidates coming up in Type-writing must bring with them their own type-writers—the Remington, Yost, New Century, Smith Premier, Densmore, Empire, Underwood, Oliver, Armstrong, Standard Folding, Stearns Visible or L.C. Smith & Bros. machine. The candidates will, if necessary, be examined in *batches*, but at least *every four* candidates for the *Elementary* grade, at least *every three* candidates for the *Intermediate* grade and at least *every two* candidates for the *Advanced* grade must have one machine among them.

In the mofussil, heads of institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined should make the necessary arrangements with the Chief Superintendent concerned *three* days before the examination and furnish

him with all necessary information as to the number of candidates and machines and the time at which each batch should attend on the day fixed for the examination.

At Madras, heads of institutions and private candidates should make similar arrangements with the Secretary to the Commissioner for Government Examinations, on the 17th or 18th April between 11 A.M. and 5 P.M., at the Old College, Nungambakam.

At Madras.—In the case of candidates for the Elementary and Intermediate grades, tickets of admission specifying the particular batch (1st or 2nd and so forth) in which they elect to appear will be issued on these days. These tickets should be shown at the entrance. Candidates who produce tickets will be admitted to the batch specified in the tickets. Candidates who do not provide themselves with tickets cannot claim to be admitted to any particular batch. They will be admitted only if spare seats are available in the hall, *i.e.*, after seats are reserved for those who have registered their names and obtained tickets for the batch. Candidates who do not hold tickets will accordingly have to wait at the entrance from the hour of commencement of the first batch and take their chance of being provided with seats in the first or in any subsequent batch. To avoid all inconvenience and possible disappointment heads of institutions and private candidates are particularly requested to call at the office on the 17th or 18th April and obtain tickets. No tickets can on any account be sent by post whether to heads of institutions or to private candidates.

Candidates for the Advanced grade may appear for the first or second batch at their option and no tickets accordingly are issued for this grade.

At Madras.—Managers and instructors of institutions and other persons who wish to be allowed into the examination hall to inspect the machines and remedy any defects should call at the office on the 17th or 18th April and have their names registered. Tickets of admission specifying their name, the institution to which they belong, etc., will be issued to them and these should be produced at the entrance to the examination hall.

The examinations in Type-writing will, wherever the candidates have to be examined in batches, be conducted as in the following time-table :—

Batch.	Elementary Examination.		Intermediate Examination.		Advanced Examination.	
	First paper.	Second paper.	First paper.	Second paper.	First paper.	Second paper.
	16th *April*.		21st *April*.		21st *April*.	
First batch ..	7-30 A.M. to 8 A.M.	8-10 A.M. to 9-40 A.M.	9 A.M. to 9-30 A.M.	9-40 A.M. to 10-40 A.M.	10 A.M. to 10-30 A.M.	10-40 A.M. to 1-10 P.M.
Second batch .	10 A.M. to 10-30 A.M.	10-40 A.M. to 12-10 P.M.	11 A.M. to 11-30 A.M.	11-40 A.M. to 1-40 P.M.	1-30 P.M. to 2 P.M.	2-10 P.M. to 4-40 P.M.
Third batch ..	12-30 P.M. to 1 P.M.	1-10 P.M. to 2-40 P.M.	2 P.M. to 2-30 P.M.	2-40 P.M. to 4-40 P.M.	....	....
Fourth batch ..	2 P.M. to 2-30 P.M.	2-40 P.M. to 5-10 P.M.	....	....	....	....

N.B.—*No candidate will be allowed to leave his seat in the interval between the first and second papers.*

In the case of the *Elementary* examination, candidates of the first and second batches will not be allowed to leave the examination hall until 12-10 P.M., and no candidate for the third and fourth batches coming after this hour will be admitted to the examination. For the *Intermediate* examination, candidates of the first batch will not be allowed to leave until 10-40 A.M., and no candidate for the second and third batches coming after this hour will be admitted. Similarly for the *Advanced* examination, candidates of the first batch will not be allowed to leave until 1-10 P.M., and no candidate for the second batch coming after this hour will be admitted. Candidates that have each a separate machine and that do not want to be examined in batches are expected to appear for their examination with the third batch for the Elementary, and with the second batch for the Intermediate and Advanced examinations.

Managers and instructors of institutions concerned will be allowed into the examination rooms *in the intervals between the examinations of the various batches* to inspect the machines and to remedy any defects.

If a candidate reports to the Superintendent that his machine has gone out of order, the Superintendent will intimate this to the manager or instructor if he is waiting outside on the premises, and will permit such manager or instructor to enter the hall or room (though the candidates may be at work) to inspect the machine and to remedy the defect or to apply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in this matter; his action will be purely *ex gratia*, the whole responsibility resting on the candidate and the manager or instructor.

A similar concession will be allowed in the case of a private candidate if he has some one outside who is willing to inspect the machine and put it right, etc.

No extra time will be given to candidate to compensate for loss of time while the machine is out of order and being put right.

(By order.)

Office of the Comr. for Govt. Examinations, Madras, 1st April 1914.

GOVERNMENT TECHNICAL EXAMINATIONS—APRIL 1914.

Candidates for the ensuing Government Technical Examinations are informed that they must bring their drawing instruments with them for those subjects which require plans to be copied, or scales and diagrams to be drawn. The drawing paper required will be supplied to them at the examination.

Candidates in *Surveying and Levelling* (*Advanced grade only*) will be allowed to bring with them their mathematical tables for use in the examination.

Candidates in Carpentry, Fitter's work and any other subject, the practical examination in which requires the use of tools, etc., must bring their own tools, etc., with them.

Candidates in Book-keeping, Commercial Geography, Shorthand and Type-writing will be expected to bring with them for use in the examination hall, their own rulers, erasers, knives, pencils and pens.

Candidates for examination in the subjects under "Commerce" will be allowed also to bring with them ink of two or more colours (other than black ink) for map-drawing, drawing lines in Book-keeping, etc.

Candidates in Shorthand will be allowed to transcribe their shorthand notes with a type-writer. They will not be supplied with any "thick" paper for the purpose, but will be allowed to bring with them their own "thick" paper, if they wish to use such paper. The use of carbon paper will on no account be allowed in transcribing the shorthand notes with a type-writer. If the machine used by a candidate, however, goes out of order, no extra time will be given to him to compensate for loss of time while the machine is out of order and being put right.

Candidates in Type-writing will have to bring their own type-writers also and the necessary carbon paper with them and must specify clearly on their answer papers the particular kind of machine used by them as, otherwise, their answer papers will not be valued.

TABLE SHOWING THE ORDER OF TIME AND SUBJECTS ACCORDING TO WHICH THE WRITTEN EXAMINATION WILL BE CONDUCTED.

N.B.—The examination will begin each day, in the forenoon at 10 A.M., and in the afternoon at 2 P.M., except in the case of the examinations on the 20th and 21st April for which the arrangement is different as shown in the time-table.

Attention is drawn to the following rules.—

1. No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and in all cases where good manners require it a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room.

2. No candidate will be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half hour will not be admitted.

3. No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up his answer papers.

4. Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room and the circumstance reported to the Commissioner.

5. Any candidate suspected of having had recourse to malpractice of any kind is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, *if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results*, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.

6. *No candidate will, on any account, be allowed to take into the examination room, ink, slates, books, ruled sheets, memoranda or papers of any kind.* Any one detected in the violation of this rule or having recourse to any unfair practices will be removed from the room and the occurrence reported to the Commissioner. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

7. Candidates whose names are not in the printed list furnished to the Superintendents must submit a written declaration through the Superintendents giving full particulars in regard to themselves including their address and furnish such evidence as may be possible of their having applied for admission to the examinations at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

8. Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

9. A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer papers. Any candidate wishing to ask any question of the Superintendent will pursue the same course, but will on no account leave his place.

10. Any answer papers, or any work in Carpentry, Fitter's work, etc., sent up without the candidate's name and number affixed will not be valued. The answer papers and drawings should be stitched or pinned together at the upper left-hand corner, and the whole folded in *two*, lengthwise (not crosswise into four). The place of examination and the name and number should be written out clearly by the candidate on the top right-hand side of the first page of the answer paper, as well as on the top of the paper after it is folded.

11. Candidates will not be allowed to take any papers, except their question papers, out of the examination room.

12. Candidates are forbidden to tear up papers, or to throw ink or papers on the floor. All "spoilt copies, etc.," should be left on the desk where the candidate has been writing.

D. A. HOBDAY,
Ag. Inspector of Schools, Third Circle.

ADMISSION OF STUDENTS INTO THE GOVERNMENT TRAINING SCHOOL, TRIPLICANE, DURING 1914.

Government having in their order No. 1116, Educational, dated 27th November 1913, sanctioned the establishment in Madras of a Higher Elementary Training School with Lower Elementary classes for a period of two years, the Inspector of Schools, Fourth Circle, hereby notifies for the information of managers of aided schools in Madras that teachers will be admitted into this school for training in July 1914.

2. The period of training is two years in the case of both the higher and lower grades; and the selection of teachers for training will as far as possible be regulated by the conditions prescribed in the Madras Educational Rules 114 and 115. Teachers who, for their general education, have passed the annual examination of the third form or seventh standard or have been awarded an Elementary School Leaving Certificate of the seventh standard, are eligible for admission into the higher elementary training class; and those who have passed the late Primary Examination or a corresponding public or school examination or whose attainments are, in the opinion of the Inspecting officers, not lower than these are eligible for admission into the lower elementary class.

3. Applications for admission should be in the prescribed printed forms which can be had from the office of the Inspector of Schools or from those of the Sub-Assistant Inspectors. They should be accompanied by the general education certificates held by the teachers and should be submitted to the respective Sub-Assistant Inspectors so as to reach them not later than 15th May 1914.

4. A selection will be made out of these applications and the teachers who have been selected will be notified in time to join the Training School in July.

Office of the Inspr. of Schools, Fourth Circle, Madras, 3rd April 1914.

A. C. PRANATARTHARA AYYAR, *Inspector of Schools, Fourth Circle.*

ADMISSION OF STUDENTS INTO GOVERNMENT TRAINING SCHOOLS IN THE SIXTH CIRCLE—1914.

The Inspector of Schools, Sixth Circle, hereby notifies, for the information of the Assistant Inspectors, the Sub-Assistant Inspectors and the Managers of Aided Schools, that candidates of the Secondary and Elementary grades will be admitted for training in July 1914 in the following Government Training Schools under his charge:—

Number	Name of Institution.	Number of stipends available.			Total.
		Secondary.	Elementary, higher.	Elementary, lower.	
1	Government Secondary Training School, Tanjore ..	21	..	..	21
2	Government Lower Elementary Training School, Tanjore	..	..	27	27

2. The period of training is two years for all students, except in the case of Secondary Students who have completed the Intermediate or the late F A. course. In their case the period of training will be for one year only.

3 The Inspector of Schools, Sixth Circle, will make the selection on the recommendation of the subordinate Inspecting Officers.

4. The Sub-Assistant Inspectors are requested to submit to the Inspector two lists—one of selected and the other of rejected candidates.

The names of selected candidates should appear in the list in the order in which the Sub-Assistant Inspectors wish they should be taken, i.e., they should be selected in reference to their general education attainments, their service as teachers, the need for their training and the nature of their appointment and the school from which they apply for training. Candidates who do not satisfy the condition of age limit under rule 114 of the Madras Educational Rules should not, except in very special circumstances, be included in the list and the selection should be regulated as far as possible by rule 115. In the case of rejected candidates, the reasons for rejection should be mentioned against each.

5. To provide for the contingency of some of the candidates selected not joining the training school, a few more than the sanctioned number will be selected by the Inspector of Schools from each range. All selected candidates who present themselves at the Training schools on the opening day will be admitted; those who present themselves later will be admitted in the order in which they present themselves but only up to the number of sanctioned vacancies.

6 The list should include no one who has not been a teacher before or concerning whom there is a doubt whether he really intends to make teaching his profession.

7 In the selection of candidates for training, those who were awarded stipends last year but were refused admission on account of their not appearing in time might have a first claim for admission.

8 In addition to provincial stipendiaries, candidates whose stipends are paid by local or municipal boards will be admitted for training as also private candidates as free students.

9. As regards qualifications for admissions only those candidates who have passed the annual examination of the third form or seventh standard and have been found fit for promotion to the fourth form, or have been awarded an elementary school-leaving certificate of the seventh standard are eligible for admission to the elementary higher class, and only those who have passed the late Primary examination or a corresponding public or school examination or whose attainments in the opinion of the Inspecting Officers are not lower than these are eligible for admission into the elementary lower class. Persons holding such secondary school-leaving certificates signed by the Secretary to the Board for the award of such certificates as are accepted by the Inspector may also be selected. Preference should be given, as much as possible, to candidates whose educational attainments are above these minimum requirements. The certificate of general education should be sent in original with the application. The applications of candidates who have not forwarded general education certificate in original will be rejected. The certificate of physical fitness will be produced only by the candidates whose applications are signed by an Inspecting Officer. Separate conduct certificates need not be submitted by candidates for stipendiaries.

10 In cases in which the number of candidates applying for training is in excess of the number for whom there is provision, the selection should be made on the result of an entrance examination conducted by the Sub-Assistant Inspector of Schools.

11 Printed forms of applications can be obtained by the Correspondents of Secondary Schools from the Inspector of Schools and all others should apply to the Sub-Assistant Inspectors of Schools of their ranges. No notice will be taken of the requisitions for application forms sent to this office other than by the Correspondents of Secondary Schools.

12 Applications completed in accordance with the above instructions should reach the Inspector before the 30th May 1914.

13. Admission into training schools for masters under private management will be regulated by rules 2, 10 and 11 in addition to those contained in chapter X of the Madras Educational Rules.

Residence for Students.—There are seven bedrooms, which can accommodate seventeen students. Each bedroom is fitted with a gas fire. There are four bathrooms, and it is possible for residents to obtain hot or cold water at any time. The accommodation is meant primarily for students newly arrived from India, and during the past three years hundreds of students have found their first "home" at 21, Cromwell Road. It has also been found convenient for short stays by those who have come to London at odd times for examinations and other purposes. The charges are 24/6 a week or 3 6 a day which includes lodging, breakfast and dinner, but not lunch or tea. The former is supplied daily according to a regular tariff, and the usual charge for a plain tea is 4d. There are no other additional charges save for the gas fires in the bedrooms. Applications for residence should be addressed to The Warden, 21, Cromwell Road, S.W.

Northbrook Society.—This society has its club rooms in the house. They consist of a Library, a Reading Room, Billiard Room and Secretary's office. In the Reading Room will be found newspapers, both Indian and English, and many leading periodicals and Reviews. The Library contains a choice selection of books on Eastern matters and also on general literature. Special mention should be made of the collection of books dealing with the East, and particularly with India.

The club is open both to Indians and to English Members. The ordinary subscription is £1 1s. 0d. per annum, but this is reduced to 10/6 for Indian students who join when they are under 21 years of age.

Members can obtain lunch or tea on the premises, and (if due notice is given) dinner. The charge for dinner is 1 6

Those who stay in the house on their first arrival from India are allowed the privileges of membership of the Northbrook Society for a period of two weeks free of charge.

The Secretary, L. Cranmer Byng, Esq., I.C.S., is usually at 21, Cromwell Road every day, save Saturdays and Sundays, when his representative can be seen, and will be pleased to give any further information about the club.

National Indian Association.—The Headquarters of the Association are also in the house, and the Honorary Secretary, Miss E. J. Beck, resides on the premises. Social gatherings and lectures are held once or twice a month, to which members are invited. Also outings and excursions to various places of interest are arranged from time to time. The Association publishes a monthly magazine, which is supplied to all members and associates. It contains, among other things, reports of successes in examinations in Great Britain obtained by Indian students.

The Drawing Room of the Association is open for the use of members. There will be found there various games and a piano. If members so desire they can arrange for tea to be served there for themselves and their friends. The cost of membership is 5/ per annum, for Associates, who must be students Indian or English, and £1 1s. 0d. per annum for others. Country members can join for 10/. The Association has branches in India, and definitely supports Social Reform and Female Education in India, besides promoting social intercourse between Indians and English in this country. Miss Beck will be pleased to welcome new members, and students will always find her ready to help them in any difficulties.

Bureau of Information.—Certain rooms in the house are assigned to Mr. Arnold, and his assistants, Mr. N. C. Sen and Mr. J. B. P. Adams. A supply of information is kept, which is constantly increasing and becoming more valuable as experience grows, and refers to all branches of study likely to be followed by Indian students in Great Britain. Every student who cannot make all his arrangements complete before coming to this country is invited to call on Mr. Arnold, the Educational Adviser, as soon as possible after his arrival. In many cases initial difficulties have thus been overcome, and in general, students will find that it is immensely to their advantage to get everything clear and definite at the beginning of their course, instead of waiting until they discover that a false start has been made. They will find that the Educational Adviser has at his disposal information not only concerning studies, but concerning families, lodgings, etc., and many minor matters which go to make up a student's life. The offices of the Bureau are open on week-days from 10 A.M. to 5 P.M. except Saturdays, when they close at 1 P.M. Mr. Arnold or one of his assistants will be pleased to see students at any time during these hours.

J. M. Campion, Esq., M.I.C.E., the special adviser for Engineering Students, attends every Wednesday afternoon from 2-30 P.M. to 4-30 P.M. and can be seen by Engineering Students then.

The Law Library.—A recent addition has been a Law Library, which is being gradually completed and contains books specially useful both for students going through their course for the Bar in London, and also for those who desire to make a preliminary study of Indian Law before returning to India. The Library is intended to serve as a working Library for students reading in London, and it is hoped that books on other subjects than Law will be added. It is open to all Indian students. Books must be read in the Library Room, where provision is made for study. It will be open for reading every week-day from 2 P.M. to 10 P.M.

The Lecture Hall.—The Hall in which the Library is housed, can also be used for Lectures or Social Gatherings of a non-political nature. Applications for the use of the Hall must be made to the Hume Managing Committee. No charge is made for the use of the Hall, and if necessary, refreshments can be provided at very moderate charges.

Friday evenings.—Every Friday evening informal "At Homes" are held from 8 P.M. to 10-30 P.M. in the Drawing Room. All Indian students are welcome. The gatherings are entirely informal, and they are designed to provide an opportunity of more intimate social intercourse between Indian and English students and others, than is possible in the larger gatherings.

Garden and Tennis Courts.—Badminton can be played in the small garden behind the house, and quite near by in Pelham Street are two asphalte tennis courts, which have been leased by the Management Committee for the use of students. The courts are quite private, though so centrally situated, and there is a small pavilion on the ground with a shower bath and dressing room, where members may change and keep their outfits.

The rates of subscription for those who wish to use the courts are:—

	Members of National Indian Association or Southbrook Society.	Non Members.
Monthly	2s.	2s. 6d.
Yearly	10s.	£1.

These rates do not include use of Tennis Balls, which can be purchased at the usual rates from the Hall Porter, 21, Cromwell Road.

Distressed Indian Students Aid Committee.—A Sub-Committee of the above Committee meets frequently at 21, Cromwell Road, under the chairmanship of Sir James Wilson, K.C.I.E. During the past three years the Committee has been able to help scores of students who have been in real financial difficulty through one cause or another. Any applications for assistance should be addressed to the Honorary Secretary, 21, Cromwell Road, S.W. It should be clearly understood that the Committee does not grant "scholarships."

All communications about "assistance" or other matters in regard to the house that do not directly concern either of the societies, should be addressed to The Warden, 21, Cromwell Road.

NOTES AND SUGGESTIONS FOR INDIAN STUDENTS FOR THE ENGLISH BAR.

An Indian student desiring to be called to the English Bar must join one of the Inns of Court in London, pay certain fees, pass certain examinations, and keep 12 terms by eating dinners at the Inn to which he belongs.

Examination for Admission.—Before being admitted to any of the Inns of Court the student must (unless he is a Vakil, a solicitor, or a member of the Irish or Colonial Bar) pass one of the qualifying examinations specified in the Consolidated Regulations of the four Inns; these examinations, and the subjects to be taken, are set out at the end of this leaflet.

Certificates.—The student must produce at least two certificates of good character, one from a responsible person who has known him for a year or more, and one from the Secretary for Indian Students. Before giving the latter certificate the Secretary for Indian Students is expected to see the student and to make enquiries as to his character and circumstances through one of the Indian Advisory Committees. Every student coming from India to join the English Bar should therefore furnish himself with his testimonials before leaving home, should consult the Advisory Committee of the Province to which he belongs, and should ask the committee to forward the testimonials needed to the Secretary for Indian Students at the India Office, London.

Fees.—The fees payable at the four Inns vary slightly, but the cost of being called to the Bar is about 16*l.* or 17*l.* Besides this, however, funds have to be found for the deposits required by the Inns on the student's admission, which are returned without interest when he is called, or dies, or

withdrawn. The *Inner Temple* requires, in addition to the fees of 40*l.* 18*s.* 8*d.* paid on admission, and 98*l.* 12*s.* paid on call, a deposit of 100*l.* as security, and also a deposit of 50*l.* on account of Commons and Dues. The *Middle Temple* requires, in addition to fees of 40*l.* 7*s.* 6*d.* on admission, and of 99*l.* 10*s.* on call, a deposit of 100*l.* as security, but no further deposit on account of Commons and Dues. *Lincoln's Inn* requires, in addition to fees of 40*l.* on admission, and 84*l.* on call, both 100*l.* as security and 50*l.* on account of Commons and Dues. *Gray's Inn* requires, in addition to fees of 40*l.* on admission, and 90*l.* on call, both 100*l.* as security and 50*l.* on account of Commons and Dues. Students at British Universities, however, who have kept two years' terms, are not compelled to make the deposit of 100*l.* at the *Inner Temple*, *Lincoln's Inn*, or *Gray's Inn*; and *Gray's Inn* and the *Inner Temple* may consent to waive this deposit before a University man has kept his two years' terms if satisfied that he means to complete them. The *Middle Temple*, however, will only waive the 100*l.* deposit in the case of University men if a bond for it with two sureties (Barristers or Householders in England) is given by the student. The *Inner Temple*, *Lincoln's Inn*, and *Gray's Inn* alike will waive the demand for the 50*l.* deposit if a bond is executed by the student with two sureties approved by the Inn. But these sureties must be Barristers or Householders in the country whom the student knows, and officials of the Indian Students' Department cannot undertake this duty. It may therefore save Indian students inconvenience if they are prepared to pay this 50*l.* deposit, as well as the deposit of 100*l.*, and they lose nothing by paying these deposits except the interest on their money. Besides these fees the student has of course to bear the cost of living in England, for which not less than 150*l.* or 200*l.* a year should be allowed, and also the cost of any tuition or education which he requires.

Bar Examinations.—After he is admitted to an Inn the student must pass the following examinations before he can be called to the Bar, and it should not be assumed that these examinations are easy :—

Part I.

I. Roman Law.
II. Constitutional Law (English and Colonial) and Legal History.
III. Criminal Law and Procedure.
IV. Real Property and Conveyancing or Hindu and Mahomedan Law, or Roman-Dutch Law.
The student may take any or all of these examinations at any time after his admission.

Part II.

V. The Final examination, which must not without special leave be taken until the student has kept six terms, and which consists of four papers, all of which must be taken at the same examination, viz. :—(*a*) a paper in Common Law, (*b*) a paper in Equity, (*c*) a paper on the Law of Evidence and Civil Procedure, and (*d*) a General Paper on all these three subjects.

General Education.—A well-educated and competent student will find that the work required to pass his Bar examinations does not occupy the whole of his time for three years. It may be well, therefore, for him to read for a University degree or to read in a Barrister's chambers, or to follow some other kind of study. The disposition of the Courts in India is to raise the standard of education for Barristers. The High Court at Calcutta requires Barristers whom it admits to take a degree in law in one of certain Indian Universities, or to take a degree in a British University, or to be educated for three years in the United Kingdom. The High Court at Allahabad requires a degree in a British University or three years' education in the United Kingdom.

Reading in Chambers.—Besides this, the High Courts at Calcutta, Bombay and Allahabad now require that Barristers whom they admit shall have read in a practising Barrister's chambers in England for at least one year; but the Court at Allahabad will waive this requirement in the case of a Barrister who has taken a degree in law in one of certain specified Universities in India and the United Kingdom. The Courts at Calcutta and Allahabad require that this year should be exclusive of the three years spent in general education in the United Kingdom. The Court at Bombay requires that the chambers should be the chambers of a practising European Barrister of more than 10 years' standing.

Call to the Bar.—All students when called to the Bar have to be proposed by a Bencher of their Inn, and should endeavour to make the acquaintance of one of the Benchers some time beforehand. The Secretary for Indian Students may be able to help them with introductions if required.

Admission to High Courts on Return.—On returning to practise in India after their call, Barristers are required by the High Courts to produce proof that they have been duly called and have fulfilled the conditions which the respective Courts lay down. They may also be asked to furnish one or two certificates as to conduct and ability from responsible persons who have known them here. It would, therefore, be well to take back such certificates, but they should be procured independently of the Students' Department.

Vakils.—Vakils who have attended for 12 months in a Barrister's chambers in London may be called to the Bar after keeping 8 terms instead of 12.

Note on Examinations for Admission to one of the Inns of Court in London.—Under the Consolidated Regulations of the Four Inns students can qualify for admission by passing the degree examination of any University in the British Dominions approved by the Council of Legal Education, or any examination which admits to the Indian Civil Service, to the Consular Service, to Commissions in the Army or Navy, to an Eastern Cadetship, to Sandhurst or to Woolwich, or the Senior Grade examination of the Irish Intermediate Education Board, or the School Certificate examination or the Higher Certificate examination held by the Oxford and Cambridge Schools Examination Board, or the School Examination (Matriculation Standard) of the University of London.

But Indian students who have not already qualified for a degree in India generally take one of the examinations set out in the tabulated statement over-leaf, in regard to which details are given showing the dates, the fees, and the subjects required.

M.R.Ry. Diwan Bahadur Govindoss Chathurbhoojdoss Garu.

1. Read, approved and recorded the minutes of the proceedings of the previous meeting held on Friday the 20th March 1914.

2. Recorded G.O. No. 122, Marine, dated 26th March 1914, directing publication in the *Fort St. George Gazette* of notifications under sections 9 and 10 of the Madras Port Trust Act, 1905, constituting the Board of Trustees of the Port of Madras with effect from 1st April 1914.

3. Read again Port Trust Board Resolution No. 230, dated the 21st November 1913, approving, subject to sanction of Government, that a twelve-lakh loan be raised for the construction of warehouses for lease to exporters.

Read also G.O. No. 118, Marine, dated the 25th March 1914, permitting for the purposes of the warehouses in question the temporary diversion of a portion of the 50-lakh loan sanctioned in G.O. No. 127, Marine, dated 29th March 1913, and promising that if, in consequence of this new expenditure, it should be found necessary hereafter to raise an additional loan, the Governor-in-Council will be prepared to consider proposals for raising the funds required and will do what he can to assist the Trust in obtaining the money.

Resolved that the approval and co-operation of Government in this matter be acknowledged gratefully.

4. The Board considered and approved plans and a preliminary estimate amounting to Rs. 16 lakhs for the warehouses referred to in Resolution No. 3, dated the 3rd April 1914.

Resolved that the plans and the estimate in question be forwarded to Government for sanction under section 76, as well as for sanction to the debit of the cost of the warehouses to Capital under section 75, of the Madras Port Trust Act, funds to be provided from the Board's Revenue balances enhanced by the proceeds of the 50-lakh loan.

5. Read note by the Trust's Chief Engineer supported by the Chairman, recommending the distribution of a bonus of Rs. 200 between the officers of the dredger "Madras" for successfully superintending the towage of a launch from Calcutta to Madras for Messrs. Resolved that the distribution of the bonus be sanctioned.

6. Read an application, dated 21st November 1913, from Mr. O. A. Evans, Senior Harbour Master, for an increase of pay for the Harbour Masters of the Port of Madras.

Read also a note by the Chairman, dated 25th March 1914, making a series of five proposals for the improvement of the position of the men.

Resolved that the first four proposals be approved; but that the fifth, namely, that for calculation of pension overtime fees be added to salaries, be not recommended to Government for sanction.

Resolved also that the proposals in so far as they have been approved by the Board be submitted to Government for sanction under section 91 of the Madras Port Trust Act.

7. The Chairman laid before the Board certain proposals for alterations found to be necessary in the scale of harbour dues and in the statement of the services which the Trust may render to the public and of the conditions and charges attaching to such services.

Resolved that the proposed alterations, which are chiefly of an explanatory character, be approved including the proposal to reduce the rate from Rs. 1-3-0 to Rs. 1-4-0 per ton of 50 cubic feet for shocks and staves of barrels and casks, and that the revised scale and statement be submitted to Government for sanction.

8. Read an appeal from Mr. G. A. Dowley, late Head Clerk in the Traffic Manager's office, Madras Port Trust, who recently has had to be replaced by a more efficient head clerk.

Read a note by the Chairman explaining that, when it was found to be necessary to terminate Mr. Dowley's head clerkship appointment, he was granted three months' privilege leave and also was offered other employment, carrying lesser pay, in the Trust's service which, however, he refused.

Resolved that, in consideration of his long and blameless record, Mr Dowley's services be not terminated until the 31st of March 1915, up to which date he shall be allowed a year's furlough in continuation of the privilege leave already granted to him; but that Mr. Dowley must clearly understand that his service will not be extended beyond the date named.

9 Resolved, on the recommendation of the Chairman, and after consideration of the circumstances under which the recommendation was made, that the services of Checker T. Thamkachellam be terminated from the 7th November 1913.

STATEMENT OF OBJECTS AND REASONS.

In accordance with the recommendations of the Royal Commission on Decentralization a general Delegation Bill, providing with certain safeguards for the delegation by a statute to a lower authority of powers and duties vested by law in a higher authority, was introduced in the Imperial Legislative Council on the 23rd September 1911. It was eventually decided, however, to abandon the Bill, and to substitute for it a Decentralization Bill accompanied by schedules indicating precisely the delegations of powers which it is proposed to effect in particular Acts. The Government of India having undertaken the amendment of the Acts of the Imperial Legislature in this manner, the present Bill is introduced for the purpose of dealing similarly with certain Provincial Acts. The schedule to the Bill shows the nature of the amendments contemplated and these are briefly referred to below. It is not proposed to delegate powers under any Act which has been in force for less than five years.

2. The amendments proposed in respect of section 23 of the Madras Forest Act, 1882, and the Madras Outports Landing and Shipping Fees Act, 1855, have been approved by the Government of India. In the former Act it is now proposed to delegate to the Board of Revenue the power of granting pattas in reserved forests and in lands notified for reservation.

3. It is also proposed to delegate, or to take power to delegate, to the Board of Revenue authority—

(1) under the Endowments and Escheats Regulation, 1817, to provide for the appropriation of public endowments and to deal with public buildings and escheats.

(2) under the Cattle-disease Act, II of 1866, to apply the provisions of the Act for short periods;

(3) under the District Municipalities Act, 1884, and the Local Boards Act, 1884, to make over to Municipal Councils and Local Boards the management of charitable endowments;

(4) under the Survey and Boundaries Act IV of 1897 to order the survey of any Government land or estate and to make rules under the Act.

It is also proposed to delegate certain miscellaneous powers under the Salt Act, 1880, to the Commissioner of the Salt Department.

4. The Bill also enables—

(1) the Board of Revenue to delegate to subordinate revenue officers certain powers which it may exercise, by delegation or otherwise, under the Endowments and Escheats Regulation, 1817;

(2) the Governor in Council to confer upon any officer certain of the powers bestowed upon the Governor by the Canals and Public Ferries Act, 1890.

5. It is also proposed—

(1) under the Survey and Boundaries Act, 1897,—to clear up doubts as to the exact effect of sections 23 and 24;

(2) under the Revenue Recovery Act, 1864,—

(a) to empower Collectors to apportion finally the peshkash on sub-divisions of permanently settled estates, and

(b) to enable Collectors to empower subordinate officers to recover arrears in cases where the defaulters reside outside the district;

(3) under the Land Revenue Assessment Act, 1876, to empower Collectors to apportion the assessment on alienated portions of estates without reference to the Board of Revenue;

(4) under the Land Encroachment Act, 1905—to enable Tahsildars and Deputy Tahsildars, subject to the control of the Collector, to deal with encroachments and also to withdraw the revisional power now vesting in the Government.
